2. CORE DESCRIPTION

The Alternatives to Abortion Program provides services and counseling to pregnant women, at or below 185 percent of the federal poverty level, to assist in carrying their unborn child to term rather than having an abortion and to assist women in caring for their child or placing their child for adoption. The goals of the Alternatives to Abortion Program are to: 1) Reduce abortions and improve pregnancy outcomes by helping women practice healthy behaviors; including discontinuing the use of tobacco, alcohol, and illegal drugs, and improving their nutrition; 2) Improve child health and development by helping parents provide more responsible and competent care for their child(ren); and 3) Improve families' economic self-sufficiency by helping parents develop a vision for their own future, continue their education, and find a job. The purpose of the Alternatives to Abortion Public Awareness Program is to help pregnant women who are at risk for having abortions become aware of the alternatives to abortion services available to them in their local communities.

PROGRAM DESCRIPTION

Department: Social Services

90115C

HB Section(s): 11.160

Program Name: Healthy Marriage/Fatherhood

Program is found in the following core budget(s): Healthy Marriage/Fatherhood Initiatives

1a. What strategic priority does this program address?

Increasing fathers' participation in their children's lives and moving families to economic sustainability

1b. What does this program do?

The Department of Social Services, Family Support Division partners and coordinates with organizations to provide services to fathers to help support their children emotionally and financially by providing access to programs that deliver responsible parenting, healthy marriage, economic stability, and job training skills.

The Responsible Fatherhood projects are designed to provide relationship and parenting skills in addition to access to programs which promote the opportunity for fathers to support their children emotionally and financially. Temporary Assistance for Needy Families (TANF) block grant funds were appropriated in FY 2017 as a result of the passage of SB 24 (2015, Section 208.067, RSMo.) to support fatherhood program initiatives. The programs listed below are fully or partially supported by the Healthy Marriage/Responsible Fatherhood grants for FY 2022.

The Responsible Fatherhood Programs: Provide a responsible fatherhood/parenthood curriculum, as well as supportive services designed to address parenting skills, co-parenting, domestic violence, child support, and provide employment/educational opportunities. The programs also improve the abilities of fathers to support their children. This includes active engagement with child support outreach specialists to facilitate the payment of child support obligations. These funds are awarded on a regional basis and include:

- Region 1: St. Louis Fathers and Families Support Center (FFSC) in metropolitan St. Louis

PROGRAM DESCRIPTION

Department: Social Services

90115C

HB Section(s): 11.160

Program Name: Healthy Marriage/Fatherhood

Program is found in the following core budget(s): Healthy Marriage/Fatherhood Initiatives

Urban League Transition for Change Employment Program (TFCEP): This employment program works in collaboration with Family Support Division, St. Louis County Family Court, St. Louis County Prosecuting Attorney's Office Child Support Unit, and other participating Missouri Correctional Institutions. All participants are justice involved. The program provides job search and employability skill services that assist participants to move from unemployed to permanently employed. The Transition for Change Employment Program incorporates the following practices to achieve the program's goals: readiness assessment, individualized employment plan, coordinated network of services and employers, transitional employment and on the job training, and comprehensive case management.

Big Brothers Big Sisters Program: This fatherhood program has three parts. The Fatherhood Prevention Program matches 200 young men with a Big Brother or a Big Couple. This program provides opportunities to understand the importance of fatherhood and healthy relationships with peers, and strategies to avoid issues related to early fatherhood, drugs, and alcohol. The ABC Today Schools Program assigns a resource officer in two schools to identify and help high-risk students build a plan to address school and home challenges. These students are matched with a Big Brother/Big Sister mentor and may be referred to the Fatherhood Prevention Program. The First Job Program is an employment program for young men and women designed to help eighth graders prepare for their first job. Young men and women in the Fatherhood Prevention or the ABC Today Schools Programs may also be able to participate in the First Job Program.

Youth Alliance Fatherhood Program (POWER) : This employment program is operated by the St. Joseph Youth Alliance and the County Prosecuting Attorneys from Buchanan, Andrew, Clinton, and DeKalb Counties. Community partners (such as re-entry programs, probation and parole, and the Missouri Department of Corrections) as well as the Prosecuting Attorney offices may refer individuals to the Youth Alliance for education and support services, with a focus on employment. Employment support services are based on the Workforce Innovation Opportunity Act (WIOA) model, which embraces employment and training services, including supported employment. The program helps participants move from unemployed to permanently employed.

Total Man Community Development Corporation (CDC) Dads Achieving Destiny Successfully (DADS) Program/Kansas City Municipal Court

Reinstatement Court: The objective of DADS is to increase the submission of child support payments by fathers who have fallen behind due to employment barriers. Specifically, recipients of these services shall be fathers involved with the Missouri Child Support Program. The majority of the participants will be referred to this program by the 16th Judicial Court of Missouri- Kansas City Municipal Division municipal court.

Community Partnership of Southeast Missouri/Empowering Dads to Gain Employment (EDGE) Program: This employment/fatherhood program with the Community Partnership of Southeast Missouri serves fathers in a nine-county area (Cape Girardeau, Scott, Perry, Bollinger, New Madrid, Dunklin, Pemiscot, Butler, and Mississippi counties). The EDGE Program offers fathers comprehensive job assistance that focuses on rapid job search and addresses the post-employment needs of the father for continued employment success. This program also provides responsible parenting resources which include parenting education groups, child support education seminars, mentoring/support groups, and parent/child events.

2a. Provide an activity measure(s) for the program.

* The decline in SFY 2020 and SFY 2021 can be attributed to COVID-19 and is not expected to continue.

2b. Provide a measure(s) of the program's quality.

Quality control within the programs is measured by a customer satisfaction survey, designed by child support administration. Surveys are gathered from the six regional fatherhood groups through a pre-survey upon entry into the program and a post-survey of participants during their 90-day review.

Based on the collection of 66 surveys for the RFP programs in FY 2021, the following results were reported:

- 1 This program has taught me what it means to be a better father – 90.90%
- 2 This program has given me the skills I need to engage with my child – 90.90%
- 3 This program has informed me about the child support process – 89.39%
- 4 This program has given me the tools to become a more responsible father – 90.90%

Out of 205 participants that took the pre-survey, 66 completed the post-survey, a completion rate of 32.19%. This is an improvement from last year's 10.48%, but still short of the FY 2021 goal of 70% completion. Since the program vendors are responsible for administering the 90-day post survey, FSD will continue to explore methods to improve this completion rate.

2c. Provide a measure(s) of the program's impact.

The FY 2021 customer satisfaction survey is also designed to address issues related to the program's impact as perceived by the participants themselves, as indicated above in 2b.

In FY 2021, the percentage of participants that answered "Yes" to the following statements was 100%.

- "This program has informed me about the child support process."
- "This program has given me the tools to become a more responsible father."

The percentage of paying case represents the portion of our total caseload that is making payments on their child support. This percentage is expected to increase in the cases that have the fathers participating in these programs.

This represents the amount of child support collected and distributed to the person receiving support.

*SFY 2019 and 2020 data were updated to reflect more accurate data.

The increase in SFY 2020 is attributed to child support debt allowed to be intercepted from federal stimulus payments.

2. CORE DESCRIPTION

Adult Supplementation provides a monthly cash benefit to targeted aged, blind, and disabled persons. This program, along with Supplemental Security Income (SSI), provides supplemental payments to persons receiving less income than they were in December 1973 from the prior supplemental programs of Old Age Assistance, Aid to the Blind, and Permanent and Total Disability. These claimants remain eligible for medical care. No new cases can be added to this caseload and consequently it will decline over time. The number of active cases fluctuates due to individuals moving to other programs such as vendor (nursing home), and then moving back to Adult Supplementation when they leave the vendor program.

Enhance economic independence for Missourians

1b. What does this program do?

The Department of Social Services, Family Support Division is determining eligibility and administering this program to help aged, blind, and disabled Missourians by providing monthly cash benefits.

Adult Supplementation provides a monthly cash benefit to targeted aged, blind, and disabled persons. Recipients who were not eligible for SSI, but whose incomes were less than their 1973 level, also receive a supplemental payment from the State of Missouri equal to the difference in the income levels. These recipients are designated as Supplemental Payment Only (SP-Only) recipients.

Any claimant converted to SSI-SP or SP-Only remains eligible for medical care. No new cases can be added to this caseload, and consequently, it will decline over time. The number of active cases fluctuate due to individuals moving to other programs such as vendor (nursing home), and then moving back to Adult Supplementation when they leave the vendor program.

PROGRAM DESCRIPTION

Program Name: Supplemental Nursing Care

Program is found in the following core budget(s): Supplemental Nursing Care

1a. What strategic priority does this program address?

Secure and sustain healthy and safe lives for individuals

1b. What does this program do?

The Department of Social Services, Family Support Division, determines eligibility and administers this program to help aged, blind, and disabled Missourians by providing monthly cash benefits to supplement individual's costs for care in skilled nursing and assisted living facilities.

The Supplemental Nursing Care program provides monthly cash benefits to eligible persons in Residential Care Facilities, Assisted Living Facilities, and non-MO HealthNet certified areas of Intermediate Care Facilities or Skilled Nursing Facilities. These grants help low-income seniors and persons with disabilities afford adequate care and remain in a less restrictive environment for long term care, improving their quality of life. Supplemental Nursing Care (SNC) recipients must be 65 or over in age, or age 21 or over and permanently and totally disabled or blind and have insufficient income to meet the base facility charge.

An eligible adult, living in a licensed nursing facility and found medically eligible, may receive a maximum of \$390 monthly. If living in an assisted living facility, formerly known as a licensed residential care facility II (RCF-II), an eligible person may receive a maximum of \$292 monthly. An eligible adult, living in a licensed residential care facility I (RCF-I), may receive a maximum of \$156 monthly. Persons eligible for these cash benefits also receive a \$50 personal needs monthly allowance unless such needs are being met by the Department of Mental Health. This keeps people in a less restrictive and less costly environment than a nursing home.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.175

Program Name: Blind Pension

Program is found in the following core budget(s): Blind Pension

1a. What strategic priority does this program address?

Secure and sustain healthy and safe lives for individuals.

1b. What does this program do?

The Department of Social Services, Family Support Division determines eligibility and administers this program to help blind Missourians by providing monthly cash benefits.

The Blind Pension Program is cash assistance for blind persons who do not qualify under the supplemental aid to the blind law and who are not eligible for Supplemental Security Income benefits. The Supplemental Aid to the Blind Program is cash assistance for blind persons who meet certain requirements with reasonable subsistence in accordance with standards developed by the Family Support Division. In addition to the cash grant, individuals in both programs are provided with medical coverage from MO HealthNet's budget.

HB 2171 (2018) was implemented to ensure that only eligible blind Missourians are receiving benefits.

Each person eligible for Blind Pension receives a monthly cash grant and medical coverage funded by MO HealthNet, depending on eligibility. The grant is \$750. Eligibility requirements of the Blind Pension program:

- Must be 18 years of age or older;
- Missouri resident;
- United States citizen or eligible non-citizen;
- Has not given away, sold, or transferred real or personal property in order to be eligible for Blind Pension;
- Single, or married and living with spouse, and does not own real or personal property (excluding their residence) worth \$30,000 or more, with the first \$100,000 in an individual's Achieving a Better Life Experience (ABLE) account excluded;
- Determined to be totally blind as defined by law (vision cannot be corrected to better than 5/200 in the better eye or visual field of less than or equal to 5 degrees in the better eye for at least 12 months);
- Willing to have a medical treatment or an operation to cure their blindness unless they are 75 years old or older;
- Is not a resident of a public, private, or endowed institution except a public medical institution;
- Shall not obtain, maintain, or renew a driver license, or operate a motor vehicle with or without a valid driver's license;
- Has not pleaded guilty or been found to have violated provisions of Sections 209.010 to 209.160, RSMo.; and
- A sighted spouse may not have an annual income that is equal to or greater than 500% of the federal poverty level (FPL).

Eligibility requirements for the SAB program:

- Must be 18 years of age or older;
- Missouri resident;
- Single and does not own real or personal property (excluding their residence) worth more than \$5,035 or, if married and living with spouse, does not own real or personal property worth more than \$10,070 individually or jointly;
- Determined to be totally blind as defined by law (vision cannot be corrected to better than 5/200 in the better eye or visual field of less than or equal to 5 degrees in the better eye for at least 12 months);
- Is not a resident of a public, private or endowed institution except a public medical institution; and

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

Blind Pension Fund (0621)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: Chapter 209 and Sections 208.020 and 208.030 RSMo., Missouri Constitution, Article III, Section 38 (b).

6. Are there federal matching requirements? If yes, please explain.

No.

7. Is this a federally mandated program? If yes, please explain.

Blind Pension is not federally mandated because it is a fully state-funded program. SAB is mandated through the receipt of federal funds. Federal law mandates that once a state exercises their option to operate a program (such as SAB) it may not be terminated without losing all federal medical assistance.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Section 209.040 subsection 6, RSMo. states "The Department of Social Services shall submit to the General Assembly a projected estimate of the monthly pension payment for each upcoming fiscal year with the department's proposed budget request for each upcoming fiscal year. The estimate may consider projected revenues from the tax levied under section 209.130, the projected balance in the blind pension fund, projected cash flow estimates to the blind pension fund, and estimates of the number of persons eligible to receive blind pension payments in each upcoming fiscal year. The Department may consult with the state treasurer, the Department of Revenue, and other sources in estimating projected revenues under this subsection. The estimated change in the monthly pension payment for each upcoming fiscal year shall be calculated as follows: one-twelfth of the quotient obtained by dividing seventy-five percent of the annual change in the amount of funds in the blind pension fund for the preceding fiscal year by the projected number of persons eligible to receive the monthly pension provided in subsection 1 of this section."

Based on this methodology, the Division is requesting a rate increase of \$15 per month for Blind Pension recipients (from \$750 to \$765 and a maximum grant of \$623 for Supplemental Aid to the Blind recipients).

2. CORE DESCRIPTION

The Community Services Block Grant (CSBG) provides core funding to nineteen Community Action Agencies (CAAs) to alleviate the causes and conditions of poverty in communities. CSBG funding is from a block grant provided to the State of Missouri by the U.S. Department of Health and Human Services. Individuals whose family income is below the Department of Health and Human Services 125% poverty guidelines are eligible for CSBG programs. Federal statutes require that 90% of the CSBG funding be passed through to eligible entities. The remaining funds are used for discretionary purposes including administration, training, technical assistance, services for special populations, and other poverty-related issues including homelessness and child nutrition.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.180

Program Name: Community Services Block Grant

Program is found in the following core budget(s): Community Services Block Grant

1a. What strategic priority does this program address?

Build and engage community resources to support families in need

1b. What does this program do?

The Department of Social Services, Family Support Division is overseeing a network of local, non-profit Community Action Agencies (CAAs) and/or other not-for-profit organizations serving 114 counties and the City of St. Louis to help empower low-income families and individuals to become self-sufficient and revitalize low-income communities by addressing and reducing conditions associated with poverty, including unemployment, education barriers, inadequate housing, emergency needs, and malnutrition.

The CSBG is utilized to provide services based on locally determined needs. CSBG funds are coordinated with other federal, state, local, and private funds to support services and activities for low-income families and communities. The CAAs offer a variety of services to ensure clients have resources to help them become self-sufficient. CAAs use CSBG funds to provide a mix of services and activities including early childhood education, literacy (education and financial), job training, transportation, utility assistance, emergency food, asset development, economic development, and community development.

An initiative for children's nutrition is the No Kid Hungry Missouri Program, which works with state agencies, schools, private organizations, businesses, and individuals to break down barriers and implement solutions to ensure kids have greater access to nutritious meals.

In addition, the Department of Social Services, Department of Health and Senior Services, Department of Corrections, and Department of Mental Health are collaborating with the Department of Economic Development and the Missouri Housing Development Commission to refer homeless customers using a centralized, coordinated entry process. The goal of the program is to improve the delivery of housing and shelter services for single adults, families and youth in the community who are homeless or at risk of becoming homeless. The program works to rapidly exit people from homelessness to stable housing and ensure the hardest-to-serve population, with the greatest need, is served first.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted through the Community Services Block Grant core appropriation to cover departmental costs related to the COVID-19 pandemic.

2. CORE DESCRIPTION

The FY 2023 Budget Request proposes to transfer the Emergency Solutions Grant core to the Department of Economic Development. Department of Social Services will continue to administer stimulus funding until it is core cut in FY 2024.

This appropriation provides emergency shelter and street outreach for Missourians who are homeless, services to prevent homelessness, and services to rapidly re-house those that become homeless. The department partners with the Missouri Housing Development Commission (MHDC) to issue competitive grants directly to community and faith-based organizations and/or to cities and counties that provide services by subcontracting with community and faith-based organizations.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.185

Program Name: Emergency Solutions Grant Program

Program is found in the following core budget(s): Emergency Solutions Grant Program

1a. What strategic priority does this program address?

Move families into housing stability

1b. What does this program do?

The Department of Social Services, Family Support Division partners with the Missouri Housing Development Commission (MHDC) to help homeless individuals and families at risk of homelessness find permanent housing by implementing the Emergency Solutions Grant Program (ESG) through approximately 70 grants, monitored by MHDC, to communities and non-profit agencies with programs that reduce the length of stay for individuals and families in shelters and create opportunities for them to be rapidly re-housed.

The Ming Homeless Shelter is a program of the House on the Hill Foundation. Located in Warrensburg, the Ming shelter provides shelter and supportive services for homeless persons in the Johnson County area.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted through the Emergency Solutions Grant appropriations to cover departmental costs related to the COVID-19 pandemic.

2a. Provide an activity measure(s) for the program.

Note 1: Data is reported by Program Year (PY) in all performance measures. Program Year is determined by the date of issuance of the Funding Approval Agreement establishing the 2-year spend period for the grant award.

Note 2: The above graph demonstrates the number of persons who were provided assistance through ESG for all of the ESG program components.

Note 3: The increase for PY 2018 can be explained by a one-time increase in HUD funding for the PY 2018.

Note 4: The lower numbers for PY 2019 can be explained by the COVID shutdowns which drastically cut agency capacity and heavily influenced the ability to provide services.

Note 5: The projected data reflects expected increases due to CARES Act funding allocated to be spent over PY 2020, 2021, and 2022.

PY 2020 will be available December 2021.

2b. Provide a measure(s) of the program's quality.

The nature of the assistance provided by the ESG Program makes it difficult to collect customer satisfaction data; however, MHDC holds an annual Focus Group for funded agencies at the end of each grant cycle with the most recent being by electronic survey in the month of June 2021 followed by a live webinar Focus Group in July 2021. During this time, funded agencies are offered an opportunity to provide feedback and suggestions for the future grant year. The feedback has historically been very positive. This year the survey resulted in over 75% of respondents stating that MHDC did not need to do anything to improve. The live Focus Group added an additional opportunity to go over the survey and answer any questions that the agencies had. In conjunction with the ESG Focus Group, MHDC is working to create and implement a more effective way of evaluating customer satisfaction measures and data reporting processes.

2c. Provide a measure(s) of the program's impact.

Note 1: Data is reported by Program Year (PY) in all performance measures. Program Year is determined by the date of issuance of the Funding Approval Agreement establishing the 2-year spend period for the grant award.

Note 2: "Total Positive Housing Destinations" refers to individual housing "outcomes" recorded and reported in the Consolidated Annual Performance Evaluation Report (CAPER) to the US Department of Housing and Urban Development (HUD). Positive Permanent Outcomes include individuals and families that obtained a rental housing unit or a home with or without on-going subsidies (i.e. Section 8 or other housing vouchers) as well as other types of permanent housing outcomes such as moving in with family.

Note 3: The increase for PY 2018 can be explained by a one-time increase in HUD funding for the PY 2018.

Note 4: The decrease in PY 2019 can be explained by the COVID-19 shutdowns which drastically cut agency capacity and heavily influenced the ability to provide services.

Note 5: The projected data reflects expected increases due to CARES Act funding allocated to be spent over PY 2020, 2021, and 2022.

PY 2020 will be available December 2021.

Note 2: The cost of assistance is calculated by taking the total federal dollars spent divided by the number of clients served (see 2a).

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

The above program expenditures reflect only the federal ESG dollars allocated to Missouri by HUD. They do not include each individual agency's dollar for dollar match as outlined in question 6.

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal law: Stewart B. McKinney Homeless Assistance Act, as amended 42 USC 11371

Federal law: P.L. 111-22, Division B, Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act)

Federal law: P.L. 112-141, Moving Ahead for Progress in the 21st Century

Federal law: P.L. 116-136, the Coronavirus Aid, Relief, and Economic Security (CARES) Act

6. Are there federal matching requirements? If yes, please explain.

Yes, matching funds are required of grantees (local units of government and non-profits) on a dollar-for-dollar basis (50%).

As stated in HUD regulation, the state can waive up to the first \$100,000 in match required for sub-grantees. The state does not provide any matching funds for this program other than a small portion to match administrative funds used for oversight and monitoring. The ESG CARES funds do not require match.

7. Is this a federally mandated program? If yes, please explain.

No. However, ESG is a component of Missouri's Consolidated Plan for all funding from the Department of Housing and Urban Development.

2. CORE DESCRIPTION

The FY 2023 Budget Request proposes to transfer the Emergency Solutions Grant core to the Department of Economic Development. Department of Social Services will continue to administer stimulus funding until it is core cut in FY 2024.

This appropriation provides emergency shelter and street outreach for Missourians who are homeless, services to prevent homelessness, and services to rapidly re-house those that become homeless. The department partners with the Missouri Housing Development Commission (MHDC) to issue competitive grants directly to community and faith-based organizations and/or to cities and counties that provide services by subcontracting with community and faith-based organizations.

1a. What strategic priority does this program address?

Move families into housing stability

1b. What does this program do?

The Department of Social Services, Family Support Division partners with the Missouri Housing Development Commission (MHDC) to help homeless individuals and families at risk of homelessness find permanent housing by implementing the Emergency Solutions Grant Program (ESG) through approximately 70 grants, monitored by MHDC, to communities and non-profit agencies with programs that reduce the length of stay for individuals and families in shelters and create opportunities for them to be rapidly re-housed.

The Ming Homeless Shelter is a program of the House on the Hill Foundation. Located in Warrensburg, the Ming shelter provides shelter and supportive services for homeless persons in the Johnson County area.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted through the Emergency Solutions Grant appropriations to cover departmental costs related to the COVID-19 pandemic.

The FY 2023 Budget Request proposes to transfer the Emergency Solutions Grant core to the Department of Economic Development. Department of Social Services will continue to administer stimulus funding until it is core cut in FY 2024.

2. CORE DESCRIPTION

This appropriation provides United States Department of Agriculture (USDA) donated foods to children, needy adults, and organizations to improve the nutritional status and health of program participants. Program funds are appropriated by Congress to purchase foods on the open market. USDA pays for the initial processing and packaging of the food and for transporting it to designated points (i.e. food banks) within each state for The Emergency Food Assistance Program (TEFAP). For the Summer Food Service Program (SFSP), the Family Support Division (FSD) is responsible for ordering, storing, transporting and distributing food to public and private non-profit agencies. PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.190

Program Name: Food Distribution

Program is found in the following core budget(s): Food Distribution

1a. What strategic priority does this program address?

Provide effective services to Missourians

1b. What does this program do?

Through the U.S. Department of Agriculture (USDA) Food Distribution Program, this program provides food to help improve the nutritional status of children and needy adults. The Food Distribution programs provide for the distribution of USDA foods to charitable institutions through The Emergency Food Assistance Program (TEFAP) and the Summer Food Service Program (SFSP). The TEFAP program allocates USDA foods to six Missouri food banks, who distribute the USDA product to food pantries and congregate feeding sites, such as soup kitchens, homeless shelters, domestic violence shelters, and other like organizations. Food Distribution also arranges the delivery of USDA foods to schools and nonprofit organizations through the Summer Food Service Program.

The federal funding also provides for administrative services including allocation, warehousing, storage, delivery, accounting, and federal reporting responsibilities.

Beginning in FY 2019, the USDA granted additional funding which was allocated to the food banks to help defray the costs for storage and distribution of additional bonus TEFAP Food Purchase Distribution Program (FPDP) or Trade Mitigation foods aimed at assisting farmers suffering from damage due to unjustified trade retaliation by foreign nations. In FY 2020, FY 2021, and FY 2022 federal stimulus appropriation and/or authority was funded to cover departmental costs related to the COVID pandemic.

In FY 2020, state agencies administering TEFAP recieved federal funding for "Farm to Food Banks Projects" to: reduce food waste at the agricultural production, processing, or distribution level through the donation of food; provide food to individuals in need; and build relationships between agricultural producers, processors, and distributors/ emergency feeding organizations through the donation of food.

Food Purchase and Distribution Plan (Trade Mitigation) funds were fully obligated and expended in SFY 21 and will not be renewed.

In FY 2020, 2021, and FY 2022 federal stimulus appropriation and/or authority was funded to cover departmental costs related to the COVID pandemic.

The following are the totals of administrative funds paid to each of the six food banks during the months of July 2020 through June 2021 (SFY 2021).

HB Section(s): 11.190

Program Name: Food Distribution

Program is found in the following core budget(s): Food Distribution

2c. Provide a measure(s) of the program's impact.

Note: Missouri distributes one hundred percent of food made available from the USDA through The Emergency Food Assistance Program (TEFAP), including "bonus foods" to our Food Bank network for distribution to pantries and congregate feeding sites. In FFY 2020, the actual pounds of food distributed was higher due to the availability of TEFAP Bonus and TEFAP Trade Mitigation foods made available to Missouri through the USDA. The total also includes food distributed through the Families First Coronavirus Response Act (FFCRA) and the Coronavirus Aid, Relief and Economic Security (CARES) Act. FFY 2021 data will be available in October.

2d. Provide a measure(s) of the program's efficiency.

Note: The program funds and USDA donated food available to Missouri are solely dependent on funds distributed to the states by the USDA as spelled out in the Farm Bill. This can fluctuate from year to year. The administrative cost per pound of food distributed is based on the administrative cost of Food Banks divided by the pounds of distributed food.

FFY 2021 data will be available in October.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: Sections 205.960-967, RSMo. Federal law: P.L. 113-79; 110-246; 107-171; 104-193; 104-127; 100-435; 98-8; 93-86; 81-439; 74-320.

P.L. 116-127, the Families First Coronavirus Response Act (FFCRA)

Federal Regulations: 7 CFR Part 250 and 251

6. Are there federal matching requirements? If yes, please explain.

There is no match for The Emergency Food Assistance Program (TEFAP) funding which is utilized in this appropriation. However, the State must provide a cash or in-kind contribution equal to the amount of TEFAP administrative funds received under this federal program and retained by the State for state level costs (employees, salaries, travel, equipment) which is paid out of FSD Administration. This typically amounts to 5 - 6 % of total Federal administrative funds.

7. Is this a federally mandated program? If yes, please explain.

No.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

DSS has received indication that a portion of this funding may go to purchasing food for The Emergency Food Assistance Program (TEFAP), which FSD administers. TEFAP provides food to improve the nutritional status of child and needy adults through the USDA. Food Banks receive food directly from USDA, and dollars are also made available for administrative services, such as warehousing, storage, delivery, accounting, etc. Food banks submit monthly reports to DSS, and are reimbursed for their expenses. The allocations for the administration of the program and distributions to food banks for Missouri is estimated at \$1,723,181.

In FY 2022, additional appropriation and/or authority is being requested through a FY 2022 Supplemental. This requests the Cost to Continue for FY 2023.

2. CORE DESCRIPTION

This appropriation provides limited financial assistance to eligible low-income households. The intent of this assistance is to aid these households with the cost to heat or cool their homes, to become self-sufficient, and to reduce the health and safety risks associated with disconnection of utility services.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted through the Energy Assistance core appropriations to help "prevent, prepare for, or respond to" home energy needs created by COVID-19.

In addition, in FY 2022, federal stimulus appropriation and/or authority was also granted through the Energy Assistance core appropriations for Low Income Household Water Assistance Program (LIHWAP) to assist low-income households, particularly those with the lowest incomes, that pay a high proportion of household income for drinking water and wastewater services.

Provide effective services to Missourians

1b. What does this program do?

The Department of Social Services, Family Support Division determines eligibility to help low-income Missourians with the cost to heat or cool their homes by targeting elderly, disabled, and young child households to prevent the loss of heating and/or cooling services.

Missouri's Low Income Home Energy Assistance Program (LIHEAP) is a block grant program. The objectives of LIHEAP are to help low-income people with the costs of home energy, defined as heating and cooling of residences; to increase their energy self-sufficiency; and to reduce their vulnerability resulting from energy needs. The target population is low-income households, especially those with the lowest incomes and the highest home energy costs or needs. Additional factors taken into account for low-income households include family size, elderly, disabled, and families with children under six years of age.

This federal funding for low-income Missourians includes three components: Energy Assistance (EA), Energy Crisis Intervention Program (ECIP) and Low-Income Weatherization Assistance Program (LIWAP). The appropriation authority for LIWAP funds is with the Department of Natural Resources, Division of Energy.

Energy Assistance (EA)

- Provides financial assistance to households to help pay primary fuel source heating bills for Missourians during the months of November through March
- The one time benefit amount is based upon household size, income and the type of fuel used for home heating
- The Family Support Division (FSD) contracts with the Missouri Community Action Agencies and other not-for-profit organizations to determine eligibility and process applications
- Application information, as well as documentation is entered into the state EA data system that is web-based and secure for eligibility determination and payment processing
- Payments are made by the DSS directly to energy suppliers and, in a small number of cases, to eligible clients. Less than 7% of funds are paid directly to clients
- In FFY 2020, the maximum EA benefit was \$495 (FFY 2021 data will be available in January 2022)
- In FFY 2020, the average EA benefit was \$285 (FFY 2021 data will be available in January 2022)

To receive EA payments, a household must meet the following eligibility criteria:

- Missouri resident
- United States citizen or eligible non-citizen
- Resources less than three thousand dollars (\$3,000)
- Responsible for the home heating or cooling bill
- Household income less than one-hundred thirty-five percent (135%) of the Federal Poverty Level

Energy Crisis Intervention Program (ECIP)

- Provides financial assistance to households in a verifiable energy crisis
- Funding is distributed to the LIHEAP contract agencies through a formula to make payments directly to the energy supplier
- Agencies can also request in the agency yearly plan a portion of the ECIP funding to help purchase or repair furnaces or air conditioners, to pay for emergency or temporary shelter, to provide limited emergency services, and to provide education and outreach
- Winter ECIP can be used for primary or secondary fuel sources
 - Available from November through May based on funding
 - Benefit amount is the amount required to resolve the crisis
 - Maximum benefit amount is \$800
 - FFY 2020 average benefit amount was \$436 (FFY 2021 data will be available in January 2022)
- Summer ECIP is primarily used to restore or prevent disconnection of services of a cooling utility source
 - Available from June through September based on funding
 - Benefit amount is the amount required to resolve the crisis
 - FFY 2019 maximum benefit amount was \$300. In FFY 2020, the maximum benefit amount was increased to \$600
 - FFY 2020 average benefit was \$377 (FFY 2021 data will be available in January 2022)

To receive ECIP payments, a household must meet the above LIHEAP EA eligibility criteria and have a verified crisis defined as the following:

- Received shut off or termination notice from a utility company
- The household is in threat of disconnection, but may not have received a disconnection notice
- Report a propane tank that is less than twenty percent (20%) full
- Have a Cash on Delivery (COD) account
- Have a prepaid electric account that is almost out of funds
- Service is shut off or terminated

Contractors determine disability based on the following definition. "Disabled" shall be defined as an individual who is totally and permanently disabled or blind and is receiving one or more of the following: Civil Service Disability, Medical Assistance, Railroad Retirement Disability Benefits, Social Security Disability Benefits, State Aid to the Blind, State Blind Pension, State Supplemental Payments, Supplemental Security Income, or Veterans Administration Disability Benefits.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted through the Energy Assistance core appropriations to help "prevent, prepare for, or respond to" home energy needs created by COVID-19.

Low Income Household Water Assistance Program (LIHWAP)

In FY 2022, federal stimulus appropriation and/or authority was also granted through the Energy Assistance core appropriations for LIHWAP to assist low-income households, particularly those with the lowest incomes, that pay a high proportion of household income for drinking water and wastewater services, by providing funds to owners or operators of public water systems or treatment works to reduce arrearages of and rates charged to such households for such services.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

The award for Low Income Household Water Assistance Program (LIHWAP) is made available under the American Rescue Plan Act of 2021, Public Law 117-2. Missouri's allocation is \$9,687,425.

The obligation period for this award is from May 28, 2021 through the end of FFY 2023 (September 30, 2023). Obligations for allowable costs must occur during the authorized project period. All obligated federal funds awarded under this grant must be liquidated no later than 3 months after the end of the project period (i.e., December 31, 2023). Therefore, all funds obligated by the Project Period End Date must be drawn down from the Payment Management System (PMS) on or before December 30, 2023.

LIHWAP is a temporary emergency program that will help low-income households and families afford water and wastewater services during the COVID-19 pandemic. The funding is provided to help pay water bills, avoid shutoffs and support household water system reconnections related to non-payment.

In FY 2022, additional appropriation and/or authority is being requested through a FY 2022 Supplemental. This requests the Cost to Continue for FY 2023.

On March 11, 2021 HR 1319 (American Rescue Plan) was signed into law.

The American Rescue Plan Act of 2021 (Public Law 117-2) awarded supplemental funding to the Low Income Home Energy Assistance Program (LIHEAP) to provide payments under section 2602(b) of the LIHEAP Act of 1981 (42 U.S.C. 8621(b)). Missouri's allocation is \$103,843,419. FSD will receive \$93,459,077 (90%) and the Department of Natural Resources, Division of Energy will receive \$10,384,342 (10%) for the Low-Income Weatherization Assistance Program (LIWAP).

This funding is to support obligations from March 11, 2021 through September 30, 2022. No carry over is permitted into FFY 2023.

In FY 2022, additional appropriation and/or authority is being requested through a FY 2022 Supplemental. This requests the Cost to Continue for FY 2023.

HB Section(s): 11.200

Program Name: Domestic Violence

Program is found in the following core budget(s): Domestic Violence

1a. What strategic priority does this program address?

Ensure Missourians secure and sustain healthy, safe, and productive lives

1b. What does this program do?

The Department of Social Services, Family Support Division administers the Domestic Violence Program on a contractual basis to support community-based domestic violence shelters and programs throughout the state. PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.200

Program Name: Emergency Shelter Domestic Violence

Program is found in the following core budget(s): Emergency Shelter Domestic Violence

1a. What strategic priority does this program address?

Ensure Missourians secure and sustain healthy, safe, and productive lives

1b. What does this program do?

The Department of Social Services, Family Support Division allocates emergency shelter funding on a contractual basis to community-based domestic violence shelters who provide needed emergency support services to victims of domestic violence and their children who meet Temporary Assistance for Needy Families (TANF) eligibility. These families have at least one or more children in the family or the woman is pregnant and their income does not exceed 185% of the federal poverty guidelines.

Women living in poverty experience violence at higher rates than those with economic independence and employment. They experience violence by their partners at higher rates partially because they have fewer options.

Examples of emergency support services include, but are not limited to, 24-hour hotline calls, crisis intervention, case management and therapy for adults and children. The shelter must be capable of providing care (including provision of free daily meals) 24 hours a day, 7 days a week. The shelter must also assure a safe and protective environment for the victim and the victim's dependent children.

2a. Provide an activity measure(s) for the program.

These statistics are provided by the Missouri Coalition Against Domestic and Sexual Violence (MCADSV). The statistics are gathered from all MCADSV member programs statewide, a majority of which are also DSS contractors.

*In CY 2020, data reflects a decrease that occurred due to the COVID-19 pandemic.

CY 2021 data will be available in July 2022.

2. CORE DESCRIPTION

Since 1986, the State of Missouri received funding from the U.S. Department of Justice through the Victims of Crime Act (VOCA) of 1984. These grants are awarded annually to the state as a pass through to crime victim service agencies, and state and local units of government to provide high quality services that are directly related to the emotional healing and recovery of crime victims.

VOCA is supported through fines and forfeitures collected by the federal courts. VOCA guidelines require that a minimum of 10% of the total funds be distributed for services to each of the following four types of crime victims: domestic violence, sexual assault, child abuse, and underserved populations. Victim assistance programs serving other types of crime victims are also eligible for funding.

The assistance provided through VOCA grants includes, but is not limited to, the following comprehensive services: 24-hour crisis hotline, individual and group counseling, emergency shelter, crisis intervention, court advocacy, emergency transportation, emergency legal assistance, transitional housing, and other services to promote emotional and physical health of victims.

3. Compliance with state and federal laws in the provision of services, expenditure requirements, documentation and reporting, and program management to promote accountability and good stewardship of taxpayer funds.

Rehabilitative Services for the Blind (RSB) administers the following services programs to blind or visually impaired Missourians (a full description of each program is provided in the Services for the Visually Impaired program description):

1. Vocational Rehabilitation (VR)
2. Business Enterprise Program (BEP)
3. Children's Services (CS)
4. Prevention of Blindness (POB)
5. Readers for the Blind
6. Independent Living Rehabilitation (ILR)
7. Independent Living- Older Blind (ILR-OB)

Successful case closure from the Vocational Rehabilitation program requires 90 days of employment. The Workforce Innovation and Opportunity Act (WIOA) has made significant changes to the Vocational Rehabilitation Program that will increase employment opportunities for individuals with disabilities. Through partnerships with the WIOA core partners and a combined state plan, RSB Administration began braiding employment services including job assessment, job training, and job development across agencies. WIOA also implemented new federal performance measures. Beginning in SFY 2018, RSB began capturing data to develop a baseline to determine the federal level of performance required beginning in SFY 2021. One of the key performance measures is the employment rate of individuals after services are completed. In the fourth quarter of 2019, those who received services from RSB had an employment rate of 62.4% after services were completed. This ranked RSB first in the nation among blind agencies. The national rates for all agencies (both blind and general) was 43.6%. In the second quarter of 2019, RSB was ranked third in the nation among blind agencies with an employment rate of 58.5%. The national rates for all agencies was 51.3%.

*This measure represents the number of clients who reached 90 days of employment and their case was closed successfully. The decrease in Consumers in Vocational Rehabilitation Program Rehabilitated was negatively impacted by the high rate of unemployment as a result of COVID-19.

Employment outcomes are based on client choice. The type of employment, wages, and hours worked can impact Total Annual Wages.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.225

Program Name: Services for the Visually Impaired

Program is found in the following core budget(s): Services for the Visually Impaired

1a. What strategic priority does this program address?

Move individuals to economic independence

1b. What does this program do?

The Department of Social Services, Family Support Division administers seven service programs to help blind and visually impaired Missouri citizens by delivering services necessary to obtain employment and independent living skills commensurate with their goals and abilities.

In FY 2022, federal stimulus appropriation and/or authority of \$268,757 was granted to provide one-time financial relief to blind vendors impacted by the COVID-19 pandemic through the Randolph-Sheppard Financial Relief and Restoration Grant. The actual federal award amount is \$271,955, therefore a FY 2022 supplemental requesting additional authority of \$3,198 is being requested for grant funds received.

Rehabilitation Services for the Blind (RSB) administers the following seven service programs: Vocational Rehabilitation (VR), Business Enterprise Program (BEP), Children's Services (CS), Prevention of Blindness (POB), Readers for the Blind, Independent Living Rehabilitation (ILR), and Independent Living- Older Blind (ILR-OB).

Vocational Rehabilitation (VR)

The VR program provides the services necessary to enable blind and visually impaired individuals to retain, maintain, or obtain employment.

Services are provided in accordance with the Rehabilitation Act of 1973 as amended in 2014 by the Workforce Innovation and Opportunity Act (WIOA). Through partnerships with the WIOA core partners and a combined state plan, RSB began braiding employment services including job assessment, job training, and job development across agencies. The impact of the new regulations includes redefining employment outcomes and eliminating specific employment categories, new staff training and qualification standards, new performance measures, and an emphasis on the Pre-Employment Transition services for Students with a Disability, which requires 15% of the grant be dedicated to these specific services.

Services are provided either directly by RSB staff or outsourced. Direct services provided by staff include: adjustment and vocational counseling and guidance; job development and placement; travel; job training; and instruction in communication, personal management and independent living skills. Supported Employment services, including customized employment, are provided for the most significantly disabled individuals. Equipment and services such as physical restoration, adaptive aids and devices, and training are purchased for blind and visually impaired consumers.

WIOA reforms and modernizes the public workforce system and enhances several key employment, education, and training programs. WIOA also implemented new federal performance measures. Beginning in SFY 2018, RSB began capturing data to develop a baseline to determine the federal level of performance required beginning in SFY 2021. One of the key performance measures is the employment rate of individuals after services are completed. In the fourth quarter of 2019, those who received services from RSB had an employment rate of 62.4% after services were completed. This ranked RSB first in the nation among blind agencies. The national rates for all agencies (both blind and general) was 43.6%. In the second quarter of 2019, RSB was ranked third in the nation among blind agencies with an employment rate of 58.5%. The national rates for all agencies was 51.3%.

Program is found in the following core budget(s): Services for the Visually Impaired

Business Enterprise Program (BEP)

This program provides self-employment opportunities for Missourians who are blind or visually impaired. Services are provided in accordance with the Randolph-Sheppard Act establishing vending, convenience stores, snack bars, or full-service cafeterias in state and federal buildings, including dining services for military troops at Ft. RSB staff provide comprehensive training, technical assistance in the set-up of new or existing facilities, and assist facility managers in analyzing the business effectiveness of service, profitability, design and efficiency. In SFY 2021, this program consisted of 34 facilities, generating \$39,279,471 in gross sales, and employed 1,018 Missourians.

Prevention of Blindness (POB)

The Prevention of Blindness Program arranges for and provides eye care to medically indigent persons. Services provided for eye care include treatment, surgery, hospitalization, medication and other physical restoration services, a glaucoma screening program, and full scale screening clinics for glaucoma and vision. In addition, based on the availability of funds, the Blindness Education, Screening and Treatment (BEST) program fund, provides for blindness education, screening and treatment for eligible medically indigent persons.

Children's Services (CS)

2a. Provide an activity measure(s) for the program.

*In SFY 2019, new outreach activities resulted in additional glaucoma screenings increasing the number of individuals served.

**The total number served declined due to COVID-19. The Prevention of Blindness Glaucoma Screening events were temporarily discontinued showing a significant decline in individuals served. New referrals decreased for vocational rehabilitation and independent living services during the pandemic.

*Individuals receiving Older Blind Services declined due to COVID-19

*The total number served declined due to COVID-19.

* In SFY 2019, new outreach activities resulted in additional glaucoma screenings increasing the number of individuals served.

** In SFY 2020 the total number served declined due to COVID-19.

***In SFY 2021, no glaucoma screenings were completed due to COVID-19. Additionally, with Medicaid Expansion it is unknown how many individuals will qualify under Medicaid making it difficult to project the future of Prevention of Blindness Services.

*Blindness is a low incident disability in children. The number served stays somewhat stagnant since most people lose vision as adults. The increase in SFY 2020 and SFY 2021 is an anomaly that may not continue.

*The decrease from SFY 2018 to SFY 2019 is due to a change in reporting requirements.
SFY 2021 data will be provided November 2021.
This measure is expected to be negatively impacted by COVID-19 due to reduced availability of in person education programs. Goals are much higher than the statistical adjustment model used by federal partners and expected federal performance.

FFY 2021 data will be provided November 2021.

*This measure represents the number of clients who reached 90 days of employment and their case was closed successfully. The decrease in Consumers in Vocational Rehabilitation Program Rehabilitated was negatively impacted by the high rate of unemployment as a result of COVID-19.

Employment outcomes are based on client choice. The type of employment, wages, and hours worked can impact Total Annual Wages.

The Family Support Division began referring newly approved Blind Pension recipients and current recipients, upon request, to Rehabilitation Services for the Blind in SFY 2019. Participation in RSB services is not required for individuals to receive Blind Pension.

*SFY 2021 data reflects a decrease that occurred as a result of the COVID-19 pandemic.

2d. Provide a measure(s) of the program's efficiency.

Successful rehabilitation is a measure that is difficult to meet, therefore the federal level benchmark is 68.9%.

*The number of successful rehabilitation's decreased due to the COVID-19 pandemic and individuals losing employment or no longer interested in seeking employment causing the rate of successful rehabilitation to decrease.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

On January 26, 2021, the Training and Service Programs Division (TSPD) notified the State Licensing Agencies (SLAs) of the estimated amounts they would receive in accordance with the Randolph-Sheppard Financial Relief and Restoration Payments (FRRP) appropriated under the Consolidated Appropriations Act, 2021, P.L. 116-260, Division H, Title III, section 318. In FY 2022, additional appropriation and/or authority of \$268,757 was funded to cover departmental costs related to the Coronavirus Disease 2019 (COVID-19) pandemic through the Services for the Visually Impaired core appropriation. Due to some state's over reporting of the number of blind vendors operating a vending facility in its FFY 2019 Rehabilitation Services Administration (RSA)-15 report, Missouri's award increased to \$271,955. The Family Support Division is requesting increased federal stimulus authority to expend the amount made available to Missouri.

Missouri's award is \$3,198 higher than the original estimate.

In FY 2022, additional appropriation and/or authority is being requested through a FY 2022 Supplemental. This requests the Cost to Continue for FY 2023.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

The activity of the program will be measured by the number of Blind Vendor FRRP Recipients.

6b. Provide a measure(s) of the program's quality.

The quality of the program will be measured by the factors identified by the Blind Vending Managers Executive Committee (BVMEC) to ensure equitable distribution of funds including profit/loss statements, vendors receipt of any Paycheck Protection Plan Loan from the Small Business Administration, and inventory loss calculations.

6c. Provide a measure(s) of the program's impact.

The impact of the program will be measured by the amount of losses each of the 14 blind vending managers found to have suffered in 2020. Each blind vendor will receive a 49.2% payout of their income losses and a payout for inventory losses up to 50% of their opening inventory with a \$5,000 cap.

6d. Provide a measure(s) of the program's efficiency.

The efficiency of the program will be measured by timely disbursement of funds to each recipient. The funds will be obligated by September 20, 2021 and will be distributed no later than September 30, 2022.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

2. CORE DESCRIPTION

The Business Enterprise Program, authorized by the Randolph-Sheppard Act, provides blind vendors licensed by the Department of Social Services (DSS) with a priority for the operation of vending facilities, including military dining facilities on federal property. The DSS has entered into a contract with the Department of Defense (DOD) to provide full food service at Fort Leonard Wood. The role of DSS is to facilitate the contract arrangement.

Business Enterprise would be considered a workforce development initiative as the contract impacts staff that provide meal service for military troops based at Fort Leonard Wood. It is required that the manager of the operation be legally blind.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.235

Program Name: Child Support Field Staff and Operations

Program is found in the following core budget(s): Child Support Field Staff and Operations

1a. What strategic priority does this program address?

Economic independence for Missourians

1b. What does this program do?

The Department of Social Services, Family Support Division collects financial and medical support for children to help ensure children have the financial and medical support of both parents. Children benefit when both parents are involved in their children's lives.

The Family Support Division, Child Support program provides effective services to Missourians and promotes stable, safe, and healthy relationships between parents and children. The responsibilities of the Child Support program include promoting parent involvement at all levels, locating parents, establishing paternity, establishing and enforcing child support and medical support orders, reviewing and initiating modification of support orders, and distributing child support collections. The Child Support program collects an average of \$1.7 million per day.

The Child Support program is also charged with securing private health care coverage information, establishing and enforcing medical support obligations for children, and assisting with efforts to contain MO HealthNet costs by identifying possible third parties liable for medical costs.

Paternity Establishment

Child Support staff provided paternity establishment services for over 2,937 cases in SFY 2021. Establishing legal paternity for children born to a mother who is not married to the child's biological father, is the first step in addressing the social and economic needs of children. FSD contracts with a genetic testing vendor to scientifically determine paternity by providing genetic paternity testing at no cost to clients. FSD may establish a child support order by using administrative process when paternity is presumed (for instance, the child was born of the marriage or genetic testing established a presumption), or legally established by court order, or by affidavit signed by the parents. The resulting administrative order is filed with the circuit court thereby becoming an order docketed by that court.

The goal of the program is to increase the percentage of children for whom paternity is established. Federal studies show that the best time for unmarried parents to acknowledge paternity of their newborn is at the hospital, immediately following the birth of the child. FSD operates an in-hospital paternity program in all of Missouri's birthing hospitals to provide hospital staff with comprehensive training to assist them with offering unmarried parents the option of establishing paternity with the Affidavit Acknowledging Paternity. The program was expanded to include FSD staff being on-site at selected hospitals to obtain affidavits from parents of newborn children. In SFY 2021, 69,192 children were born in Missouri, of which 28,187 were born to mothers who were not married. Of those children born out of wedlock in Missouri, 16,684 had paternity established through the affidavit. In SFY 2021, approximately 77% of all affidavits came directly from birthing hospitals.

If the alleged father does not cooperate with FSD in determining his paternity through genetic tests or affidavit, FSD must use judicial processes to establish paternity and obtain a child support order. FSD staff refer such cases to prosecuting attorneys throughout the state.

Order Establishment and Modification

Missouri uses an "income shares" model (guidelines) to calculate the amount of child support obligation to be paid in the establishment of an order and the modification of an existing order. The guidelines take into account special circumstances such as daycare expenses, health insurance premiums, other children of the parents, and extraordinary needs of the child or the parents.

Order Enforcement

Child Support staff enforce administrative and/or judicial support orders on over 256,000 cases. An obligor who fails to comply with his/her support order may be subject to a variety of enforcement actions. The division has statutory authority to enforce child support orders through income withholding, state and federal tax refund intercepts, passport denial, driver license suspension, and liens on property/bank accounts. Enforcement tools utilized by the division resulted in a half a billion dollars collected annually from FFY 2004 to 2021. In SFY 2021, 96% of collections were disbursed to the families and the remaining 4% were reimbursed public assistance dollars. Collections from the child support program's enforcement actions have helped families live better lives by providing children with the support they are entitled to.

Customer Service

Child Support experiences a high volume of customer inquiries. The Family Support Division has transitioned from a contracted call center to state employees handling child support customer inquiries from employers, persons receiving support, and persons paying support. The Child Support Customer Service Center was brought in-house on April 1, 2021 and the staff answer general customer inquiries and provide case specific information on cases as needed. The staff have direct interactions with CS field staff to ensure that policy and procedures based on federal and state guidelines are followed.

FSD has a website to assist the public in learning more about the division and the services available. Through this website, individuals may apply for child support services online; persons receiving support can access an application to receive payments by direct deposit and persons paying support can access an application for auto withdrawal of support payments. The FSD website also enables customers to access information regarding payments and balances.

In addition to making support payments by mail, the person paying support can make payments over the phone using a credit or debit card, pay on-line using the Family Support Payment Center Internet Payment Website, access an application for auto withdrawal or pay with cash using PayNearMe at thousands of trusted payment locations nationwide, including CVS Pharmacy, 7-Eleven, Family Dollar, Casey's General Stores, and Wal-Mart.

Mediation

The Family Support Division (FSD) contracts for mediation services for divorced or never married eligible parents to resolve parenting disputes and to reduce or eliminate potential emotional trauma to children due to parental conflict. Mediation services are designed to resolve issues relating to parenting time, custody, child support, transportation, health care coverage, and health and safety of the children. The Department of Social Services refers clients for mediation.

1a. What strategic priority does this program address?

Economic independence for Missourians

1b. What does this program do?

The Department of Social Services, Family Support Division (FSD) Child Support Enforcement Program was awarded the Charting a Course for Economic Mobility and Responsible Parenting grant funds by the Department of Health and Human Services, Administration for Children and Families providing the authorization to develop and implement two programs: the Future Leaders program and the Parenthood Can Wait (PCW) program. The goal of the two \$1 million grants is to increase teens' understanding of the financial, legal, and emotional responsibilities of parenthood.

Junior Achievement (JA) is the in-kind financial consultant and provides the grant's financial curriculum for both programs. The overall curriculum derives from Maslow's Hierarchy of Needs. The course curriculum for Future Leaders includes topics such as self-actualization, social belonging, healthy relationships, and peer mentoring. The PCW curriculum also includes topics such as parental readiness, co-parenting, guidance, discipline, and mentoring. Grant services will begin in the 2021-2022 school year. The University of Missouri School of Medicine Health Management and Informatics will actively evaluate both programs for the grant period. Both programs have partnered with two community organizations, Powerhouse Community Development Corporation and Connections to Success and one state-funded Missouri Community Partnership to facilitate the grant's activities.

The Future Leaders program will be provided to approximately 1,700 students in school districts that have volunteered to participate in the program. The Future Leaders program teaches middle school students to think about the choices they make about relationships, finances, and parenting. The program offers various educational strategies such as public service announcements, presentations, classes, videos, peer discussions, and other activities. The curriculum will cover six units of parental readiness, six units of financial literacy and one unit of child support information.

The PCW program provides activities and curriculum designed for youth in high school. Approximately 1,250 at-risk teens who are enrolled in alternative schools or who are in custody of the Division of Youth Services (DYS) participate in the program. The program offers various parenthood curricula, independent living skills, child support education, financial literacy, and mentoring services to help youth gain invaluable information, knowledge, and skills necessary to become self-sufficient and maintain healthy relationships through adulthood.

Both programs' curriculum and activities help young adults gain the knowledge, skills, and access to resources likely to lead to success in pursuit of life goals, economic mobility, and responsible parenting. The programs incorporate evidence from successful youth development, peer education, health promotion, parent education, cognitive and behavioral education and workforce development models.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.240

Program Name: Child Support Reimbursement to Counties

Program is found in the following core budget(s): Child Support Reimbursement to Counties

1a. What strategic priority does this program address?

Move families to economic independence

1b. What does this program do?

The Department of Social Services, Family Support Division partners with county government prosecuting attorney and circuit clerk offices in all Missouri counties and the City of St. Louis to help families by increasing the quantity and quality of child support services provided.

The State of Missouri must provide services to any child of an individual who applies for child support services. FSD delivers child support services, using administrative processes under the authorities granted in Chapter 454, RSMo, to the extent possible. When administrative remedies are exhausted without successful outcomes or when administrative processes are not appropriate in the delivery of child support services, the division requests the assistance of prosecuting attorneys.

The counties enter into cooperative agreements with FSD to assist in executing child support services. Prosecuting attorney staff assist the division by:

- Using judicial processes to establish paternity, establish support orders, prosecute, and otherwise enforce support orders
- Completing outgoing intergovernmental referrals to other states requesting establishment or modification of orders
- Creating parenting courts or are partnering with responsible parenting programs to provide employment and other services to non-custodial parents to help them increase their ability to sustain regular child support payments

In CY 2020, 5,973 cases were referred to prosecuting attorneys and there were non-criminal child support enforcement actions taken on 1,770 cases including Civil Contempt, Payment Agreements, and Bankruptcy actions.

Circuit Clerk staff utilize the Missouri Automated Child Support System (MACSS) and assist the division by:

- Accepting or adding orders on all child support and/or spousal support cases
- Receiving and filing other administrative actions with the court
- Providing certified copies of required documents to the division

2a. Provide an activity measure(s) for the program.

Note: Decline can be attributed to declining Child Support caseloads and further decline in SFY 2020 and 2021 can be attributed to COVID-19.

The number of charges and convictions has declined over time as the number of referred cases has declined.

There is no goal for the number of charges and convictions because this measure is a remedy used as a last resort.

This core provides a mechanism for the Department of Social Services to manage certain types of collections and support payments to families and other payees. These include payments from federal funds, such as federal tax intercepts and payments from the state's Debt Offset Escrow Fund. PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.245

Program Name: Distribution Pass Through

Program is found in the following core budget(s): Distribution Pass Through

1a. What strategic priority does this program address?

Provide internal processes to appropriately manage funds.

1b. What does this program do?

The Department of Social Services, Family Support Division manages certain types of collections and support payments to help families and other payees by ensuring that all payments are distributed to the appropriate party with this pass-through accounting mechanism.

Examples of payments for which this mechanism is used include:

- Disbursement of erroneously intercepted federal income tax refunds back to the person paying support or current spouse of the person paying support
- Disbursement of federal tax monies collected by DSS on behalf of families due to child support
- Payments from the State's Debt Offset Escrow fund

The Family Support Division (FSD) identifies delinquent child support cases meeting certain criteria for intercept of state tax refunds and certifies the arrears owed by the person paying support. Occasionally, case scenarios change after the arrears are certified, or there is an error in identification, or an error in the calculation of the amount of arrears owed. The Debt Offset Escrow fund serves to distribute any state tax intercepts due to families and to return erroneously intercepted state income tax refunds to the appropriate party.

In March 2021, FSD implemented a new process to manage UCB collections and they will no longer be distributed through this pass-through mechanism.

In FY 2021 and FY 2022, federal stimulus appropriation and/or authority was granted through the Distribution Pass Through core appropriations to cover departmental costs related to the COVID-19 Pandemic.

Performance measures are not included as this is a pass-through program. (Sections 2a-2d omitted)

This appropriation transfers funds from the Debt Offset Escrow Fund to the DSS Federal and Other Fund (0610) and/or the Child Support Enforcement Fund (0169). The Debt Offset Escrow Fund serves to distribute any state tax intercepts due to families and to return erroneously intercepted state income tax refunds to the appropriate party. After this is accomplished through the Distribution Pass Through appropriation, there is a portion of funds remaining that are to be retained by the State and Federal Government. The purpose of this section is to transfer the portion of funds that are to be retained by the State and Federal Government to the DSS Federal and Other Fund (0610) for the Federal portion and the Child Support Enforcement Fund (0169) for the State portion.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.250

Program Name: Debt Offset Escrow Transfer

Program is found in the following core budget(s): Debt Offset Escrow Transfer

1a. What strategic priority does this program address?

Provide internal processes to appropriately manage funds

1b. What does this program do?

The Department of Social Services, Family Support Division transfers funds from the Debt Offset Escrow Fund to the DSS Federal and Other Fund (0610) and/or Child Support Enforcement Fund (0169) to help ensure funds that are to be retained by the State and Federal Government are transferred appropriately by utilizing this accounting mechanism for state tax intercepts.

The Debt Offset Escrow Fund serves to distribute any state tax intercepts due to families and to return erroneously intercepted state income tax refunds to the appropriate party/parties. After this is accomplished through the Distribution Pass Through appropriation, there is a portion of funds remaining that are to be retained by the State and Federal Government. The purpose of this section is to transfer the portion of funds that are to be retained by the State and Federal Government to the DSS Federal and Other Fund (0610) for the Federal portion and the Child Support Enforcement Fund (0169) for the State portion.

Performance measures are not included as this is an accounting mechanism. (Sections 2a-2d omitted)
